### Please read carefully:

• Deployment licenses (**Runtime, Engine, Server**) will not work unless a suitable **Developer** license is installed in the database. Server seats are platform-neutral and require a Developer license for the server platform.

• When ordering **Engine** license, state the **Developer** product number (same plug-in, same platform) to be linked with.

• Please evaluate the products before ordering. Contact **sales@escape.gr** with any questions.

• **PayPal:** send payment to email <sales@escape.gr>.

• **Visa/Mastercard:** accepted directly by Escape.

• **Bank Transfer:** contact for details.

ALL SALES FINAL — NO REFUND, CANCELLATION OR MONEY-BACK GUARANTEE AFTER YOUR ORDER IS PROCESSED!

### Please read carefully:

- Use the table above to calculate the cost of upgrading plug-in licenses **purchased in 2015 or later**. Licenses purchased before 2015, do not qualify for reduced pricing.
- Licenses of the same type (even mixed platforms) purchased separately can be upgraded jointly with price benefit.
- QMedical is no longer available.

- List your product numbers (on a separate page) making sure that you are ordering the same total number of upgrades.

- Fill into the cells of the table the **quantities** that you are ordering per plug-in, then calculate the line total.

- Please contact **sales@escape.gr** with any questions.
